**Proposal Reference Number:** IEC/PROP/2026/3104

**Proposal Date:** 25 July 2026

## BUSINESS ANALYTICS TRANSFORMATION PROPOSAL

### Submitted To

#### **Insight Retail Private Limited**

Chennai, Tamil Nadu

### Submitted By

#### **InsightEdge Consulting Private Limited**

## Executive Summary

InsightEdge Consulting Private Limited is pleased to submit this proposal for the design and implementation of a Customer Analytics and Sales Performance Management Solution for Insight Retail Private Limited.

The proposed initiative is intended to provide management with improved visibility into sales performance, customer purchasing behavior, product demand trends, and operational efficiency metrics.

By leveraging business intelligence tools, centralized reporting, and data-driven decision-making frameworks, the organization can improve reporting efficiency, identify growth opportunities, and strengthen customer retention initiatives.

The proposed solution has been designed to deliver measurable business value while minimizing implementation complexity and operational disruption.

## Business Objectives

The proposed engagement aims to support the following objectives:

- Improve visibility into sales performance across locations
- Consolidate business reporting into a centralized dashboard
- Enhance customer segmentation and targeting capabilities
- Improve management decision-making through data-driven insights
- Reduce manual reporting effort
- Improve customer retention through analytical monitoring

## Proposed Solution

InsightEdge recommends implementation of a Business Analytics Platform consisting of:

### Sales Performance Dashboard

A centralized dashboard providing visibility into:

- Daily sales performance
- Product category performance
- Store-level performance metrics
- Revenue and profitability trends

### Customer Analytics Module

The solution shall include:

- Customer segmentation analysis
- Repeat purchase tracking
- Customer lifetime value estimation
- Customer retention reporting

### Executive Reporting Suite

Management reports shall be developed to support:

- Monthly business reviews
- Performance monitoring
- Strategic planning discussions
- Operational decision-making

# Implementation Methodology

The project shall be executed in four phases:

## Phase 1 – Discovery and Requirements Analysis

Activities include:

- Stakeholder interviews
- Current-state assessment
- Business requirement gathering
- Data source identification

## Phase 2 – Solution Design

Activities include:

- Dashboard design
- KPI framework development
- Data model preparation
- Reporting architecture design

## Phase 3 – Development and Testing

Activities include:

- Dashboard development
- Data validation
- User acceptance testing
- Report finalization

## Phase 4 – Deployment and Training

Activities include:

- Production deployment
- User training workshops
- Documentation handover
- Project closure activities

## Project Timeline

The estimated project duration is **4 months** from the date of project initiation.

| Phase                    | Duration |
|--------------------------|----------|
| Discovery & Requirements | 3 Weeks  |
| Solution Design          | 3 Weeks  |
| Development & Testing    | 7 Weeks  |
| Deployment & Training    | 3 Weeks  |

## Expected Business Benefits

The proposed solution is expected to deliver:

- Improved reporting efficiency
- Better visibility into customer behavior
- Faster access to business insights
- Improved management decision-making
- Enhanced customer retention initiatives
- Reduced manual reporting effort

Based on our experience with similar implementations, organizations may achieve an estimated return on investment of approximately **140% over a three-year period**, subject to adoption levels and business conditions.

## Commercial Proposal

The professional fees for the proposed engagement are as follows:

| Description                   | Amount (INR) |
|-------------------------------|--------------|
| Consulting Services           | ₹12,00,000   |
| Dashboard Development         | ₹4,50,000    |
| Training & Knowledge Transfer | ₹1,00,000    |
| Total Project Cost            | ₹17,50,000   |

Applicable taxes shall be charged extra as per prevailing regulations.

## Payment Schedule

| Milestone               | Payment |
|-------------------------|---------|
| Project Kickoff         | 30%     |
| Design Approval         | 30%     |
| User Acceptance Testing | 25%     |
| Final Deployment        | 15%     |

## Assumptions

This proposal is based on the following assumptions:

- Required data sources shall be made available by the client.
- Stakeholders shall participate in scheduled workshops.
- Existing systems shall support required data extraction.
- Project scope shall remain consistent throughout implementation.

## Validity

This proposal shall remain valid for a period of **45 days** from the date of issuance.

## Acceptance

We appreciate the opportunity to partner with Insight Retail Private Limited and look forward to supporting your business transformation initiatives.
